Introduction to Programming Using Java

Ayush Kumar

Pursuing B.tech Computer Science Engineering | RAYAT BAHRA UNIVERSITY | core Java | Java script | HTML | CSS | MySQL | DBMS
Chandigarh, India

Summary

"As a 3rd year B.tech computer science student. From a young age, I have been fascinated by technology and its ability to shape our world. As a result, I am pursuing a bachelor of technology degree in computer science, which has given me the opportunity to explore this passion in greater depth.

Throughout my studies, I have developed a wide range of technical skills, including programming languages such as (CORE JAVA, JAVA SCRIPT,   HTML, CSS) and DBMS.

I enjoy working with others to solve complex problems and develop innovative solutions. I am always eager to learn and grow, whether it's by taking on new projects or seeking out feedback from mentors and peers.Looking towards the future, I am excited to explore career opportunities in software development,full stack development , frontend web development and other areas of the tech industry.

I believe that my passion for technology, combined with my technical and interpersonal skills, make me a strong candidate for a variety of roles. I look forward to connecting with other professionals in the industry and exploring what's possible in this exciting field."
